DVRPC Burlington County								
D0302	Burlington County Roadway Safety Improvements	CON	STP-STU	\$0.500	\$0.500	\$0.804	9/15/2010	
<p><i>This program will provide for the installation and maintenance of items including reflective pavement markings (including both striping and raised reflective markers), reflective object markers, reflective roadway delineators, guide rail, and other treatments that improve the overall safety and visibility of various roadways in the county</i></p>								
								Funding Obligated
02390	Delaware River Heritage Trail, Burlington/Mercer	CON	ARRA-STU	\$0.000	\$1.300	\$1.300	9/21/2010	
<p><i>The purpose of this project is to construct the New Jersey portion of "The Delaware River Heritage Trail." This trail has been envisioned as a bi-state, multi-use, non-motorized recreational route along both sides of the Delaware River. The New Jersey portion of this trail extends from Trenton to Palmyra with both on and off-road sections envisioned. The trail will provide a link to many neighborhoods, parks, and trails in the region.</i></p>								
								Funding Obligated
02390	Delaware River Heritage Trail, Burlington/Mercer	CON	STP-STU	\$0.000	\$0.700	\$0.296	9/21/2010	
<p><i>The purpose of this project is to construct the New Jersey portion of "The Delaware River Heritage Trail." This trail has been envisioned as a bi-state, multi-use, non-motorized recreational route along both sides of the Delaware River. The New Jersey portion of this trail extends from Trenton to Palmyra with both on and off-road sections envisioned. The trail will provide a link to many neighborhoods, parks, and trails in the region.</i></p>								
								Funding Obligated
FSD0969	Resurfacing Program, Burlington County	CON	ARRA-STU	\$0.000	\$2.500	\$2.611	1/14/2010	
<p><i>2" of surface course and resurface milled area with 2" thick asphalt. All work will be done within the existing county right-of-way. The relocation of existing utilities will not be required. Also, the milling and resurfacing will occur within the existing pavement.</i></p> <p><i>(Includes DB FSD09483, FSD09484, FSD09485)</i></p>								
								Funding Obligated
D1010	Traffic Operations Center Back-Up Power System, Burlington County	CON	CMAQ	\$0.000	\$0.200	\$0.257	9/15/2010	
<p><i>This project will provide for a back-up power system for Burlington County's Traffic Operations Center (TOC) located in the County Engineer's office. The TOC assists with the monitoring and control of more than 100 traffic signals and 150 cameras along county roads for safe and efficient operations. The back-up power system will enable the TOC to remain in operations during long power outages.</i></p>								
								Funding Obligated

Burlington County								
FSD0969	Traffic Signal Upgrade & Coordination, Burlington County	CON	ARRA-STU	\$0.000	\$5.500	\$5.455	1/20/2010	
<p><i>Coordinate and upgrade existing signalized intersections on CR 541/Stokes Road in Medford Twp. and Medford Lakes Boro. Eight existing signalized intersections will be upgraded and coordinated with the existing Signal Coordination System in the county and will be operated from the county's Traffic Operations Center, Provide traffic signal coordination for improved vehicle progression. Detect and report traffic signal malfunctions. Automatically collect and archive traffic data. CCTV cameras for incident management. Local intersection safety upgrades including left-turn and pedestrian phasing. Coordination of 15 intersections on Sunset Road, Levitt Parkway and JFK Way. This existing system uses radio frequencies and will be replaced with fiber optics. These 15 intersections will be added to the existing Traffic Signal Coordination System. Provide traffic signal coordination for improved vehicle progression. Detect and report traffic signal malfunctions. Automatically collect and archive traffic data. CCTV cameras for incident management. Local intersection safety upgrades including left-turn and pedestrian phasing.</i></p> <p><i>(Includes DB FSD09486, FSD09487)</i></p>								
								Funding Obligated
D9912	South Pemberton Road	FD	STP-STU	\$0.000	\$0.175	\$0.176	9/15/2010	
CR 530	<p><i>This project will provide for the reconstruction of CR 530 from Route 206 to CR 644 to improve safety, reduce accidents, facilitate left-turn movements with a continuous center left-turn lane, and add shoulders. The intersection of Magnolia Road and CR 530 will be relocated.</i></p> <p><i>The following special Federal appropriations were allocated to this project: 1) TEA-21/Q92 \$6,150,596 ,(ID# NJ 056); 2) SAFETEA-LU FY 2006 High Priority \$8,000,000 (available 20% per year)(ID# NJ 178).</i></p> <p><i>This project is multi-year funded under the provisions of Section 13 of P.L. 1995, c.108. Total construction funding needed is expected to be \$20,152,000.</i></p>							
								Funding Obligated
D0805	Jacksonville-Jobstown Road, Bridge over branch of the Assicunk Creek	CON	STP-STU	\$0.850	\$1.350	\$1.421	9/16/2010	
CR 670	<p><i>Project provides for rehabilitation of 10 ton load posted, structurally deficient (SD rating of 53.1), functionally obsolete, scour critical structure. The project rehabilitation work includes the removal and replacement of the existing superstructure; the minor repair of the existing concrete bridge abutments; and the installation of streambed scour protection measures at both concrete abutments. The abutments are in satisfactory condition and can be reused to support the new deck and beams with minor repairs. The new superstructure will consist of adjacent pre-stressed concrete box beams with a reinforced concrete bridge deck and reinforced concrete parapets. The bridge will be widened approximately two (2) feet; resulting in out-to-out width of 35'-0", and a curb-to-curb width of 32'-0" (2, 12' lanes; 2, 4' shoulders). The existing guide rail will be upgraded to meet current design criteria.</i></p>							
								Funding Obligated
D9903	Smithville Road Bridge over Rancocas Creek	ROW	BRIDGE-OI	\$0.050	\$0.050	\$0.000		
CR 684	<p><i>Smithville Road Bridge over the Rancocas Creek is one mile north of the intersection with CR 530. This two-lane bridge carries an AADT of about 3,200 vehicles. The road is classified as an Urban Collector. The current sufficiency rating for the bridge is 22.7. This bridge will be replaced.</i></p>

DVRPC Camden County								
D0902	River Road Improvements, Cramer Hill	PE	DEMO	\$0.000	\$0.200	\$0.000		
	<p><i>This project will help implement a multi-phase effort to address the long standing issue of heavy truck traffic along River Road/River Avenue through Cramer Hill in the City of Camden. This project will include traffic calming and pedestrian improvements such as high visibility crosswalks, truck route signage, signal timing changes to slow area traffic, bulbouts, medians and intersection geometric improvements. This project is the subject of two SAFETEA-LU earmarks (NJ ID # 253 and 268). Any additional funds required to complete the project will be provided locally.</i></p>							
							Planned Authorization for FY 2010	
06367	County Route 561 over Cape May Branch	DES	BRIDGE	\$0.850	\$0.850	\$0.000		
	<p>CR 561 <i>A Problem Statement has been received which indicates that this structure has a sufficiency rating of 2.0 and has deteriorated to the point that the bridge needs to be replaced.</i></p>							
							Planned Authorization for FY 2010	
D0804	Haddon Avenue/Franklin Avenue, Intersection Improvements, CR 561/692	DES	STP-STU	\$0.500	\$0.500	\$0.225	9/15/2010	
	<p>CR 692 <i>According to Berlin Township officials, there has been a 30% increase in traffic volumes at the intersection of Haddon Ave (CR 561) and Franklin Ave (CR 692) since the recent widening of CR 561 through Gibbsboro and Voorhees Township. The increase in volume has led to unacceptable levels of congestion at the intersection. The county is requesting \$150,000 of NJ Local Scoping funds to enable a consultant to be hired who will identify a locally preferred alternative and produce an approved categorical exclusion document (CED) for the project, which are necessary to then advance the project into final engineering.</i></p>							
							Funding Obligated	
D1009	Berlin Road Streetscape Improvements, Camden County	DES	DEMO	\$0.000	\$0.071	\$0.000		
	<p>CR 702 <i>The proposed improvements will provide streetscape improvements on Berlin Road (C.R. 702) between Gibbsboro Rd. (C.R. 686) and White Horse Rd. (C.R. 702) within the Borough of Lindenwold, Camden County. These improvements include the installation of 2,665 linear feet of new sidewalk on the northern side of Berlin Road between White Horse Road (CR # 673) and Central Ave; 4,603 linear feet of replacement sidewalk such that the existing four foot wide sidewalk is improved to have a concrete surface with a brick paver edge and remain at a width of four feet. The improvements also include upgrades to 19 intersections for handicap accessibility [to include re-grading of existing sidewalk depressions and installation of detectable warning surfaces]; landscape improvements along the entire 7,268 linear feet of sidewalk upgrade [re-establishment of the grass strip between the sidewalk and curblin through most of the project area and planting of 115 street trees selected from the approved street trees in the Borough Ordinance]; 33 historic period style light fixture units [black powder coat finish] with arms to hang future banners and planters; one bus stop enclosure at the major intersection of Linden Avenue and Berlin Road; five benches located at central locations and five trash/recycling containers. The project will not involve any changes to the curbs along the County roadway or any improvements that will change the drainage of the county roadway. This project does not require the acquisition of any property since all of the proposed improvements are within the public right-of-way.</i></p>							
							Planned Authorization for FY 2010	

NJDOT FY2010 FINAL FEDERAL REPORT

DB# MPO	Route Section/Description	Phase	Fund	Original Prog. Amt.	Final Prog. Amt.	Auth. Amt.	Auth./Sched. Date	Final Status
DVRPC Camden County								
93266	30 Blue Anchor Dam	DES	NHS	\$0.600	\$1.200	\$1.581	9/13/2010	
<p><i>This project will address the proposed replacement of the spillway structure. The existing spillway structure is reported to be deteriorated and inadequate to pass 100-year, 24-hour storm without overtopping the crest of roadway at the current setting of the stop logs. Operation of the stop logs during an emergency may be difficult without any operating mechanism. The replacement of the dam is necessary in order to prevent roadway deterioration due to flooding.</i></p>								
								Funding Obligated
X227A1	168 Benigno Boulevard	DES	STP	\$0.600	\$0.600	\$0.475	2/2/2010	
<p><i>Route 168 is three lanes, a single north and southbound travel lane and a center left-turn lane. The travel lanes are 12 feet and variable in width as is the center turning lane. The roadway has six-foot shoulders adjacent to both traffic lanes. Benigno Boulevard intersects Route 168 to form a "T" type intersection. The intersection is signalized and the Econo-Lodge driveway, located on the east side of Route 168, forms the fourth leg but is not included in the signal timing. The northeast and southeast curb radii are substandard. This creates a serious operational problem due to the large number of trucks that utilize Benigno Boulevard. The intersection will be shifted 50 feet north to provide better access for truck turns. It will also provide dedicated left and right turn lanes for Benigno Boulevard eastbound traffic as well as combining the access for the two hotels located on Route 168 northbound.</i></p>								
								Funding Obligated
355	295 Direct Connection, Camden County	DES	I-MAINT	\$7.600	\$7.600	\$7.783	9/16/2010	
42/I-76	<p><i>This project will relieve the existing bottleneck at the interchange by constructing a direct connection on I-295 and other highway improvements that will reduce congestion and enhance traffic operations and safety throughout the project area. The improvements include a six-lane mainline which continues through the interchange, elimination of dangerous merging and weaving movements, upgrades to ramp geometry and the addition of shoulders throughout the interchange. The planned improvements include 13 new or reconstructed bridges, 2 culvert extensions, 3 boat sections, 31 sign structures, 11 noise barriers, and 15 retaining walls.</i></p> <p><i>The estimated total cost for the project is \$902 million. Construction will be funded under the federal GARVEE program. State Bonds will be issued to provide the necessary funding to award the contract. Repayment of the bonds (plus interest) will be provided from anticipated future federal apportionments over a 12-year period.</i></p> <p><i>The following special Federal appropriations were allocated to this project. FY 2003/Q02 \$993,500 and FY 2005/Interstate Maintenance Discretionary \$826,667 (ID# NJA 40), FY 08 Omnibus Appropriations Bill, \$500,000.</i></p>

								Planned Authorization for FY 2010	

This is a study initiated at the request of the local community to redevelop this stretch of Route 1 Business into a pedestrian friendly urban streetscape that promotes business development. The "Vision" aims at slowing traffic speeds, improving and increasing pedestrian connectivity, and providing aesthetic treatments that would help to create a new identity for this section for Route 1B. The roadway cross section (traveled way) will be reduced to provide 11-foot travel lanes, on-street parking along the northbound side of Route 1B, pedestrian "bulb-outs", cross-walk enhancements and a 16' wide center median which can be planted with suitable low ground cover, flowers, etc. The project will be contained within current "curb to curb" dimensions for the entire length, except at the Whitehead Road intersection where a "modern roundabout" will replace the existing traffic signal.

This project will provide access to the D&R Canal towpath trail via a bicycle and pedestrian crossing and an opportunity to educate the public about the history of the canal. The project will provide for the construction of an A-frame swing bridge crossing of the D&R Canal and improvements to the existing parking area. Also included is a new boat or canoe dock and a new kiosk sign.

This project will resurface the entire length of Rt. 129. Work to be done will involve milling and paving, plus possible turn slot construction. Priority #9 in the PMS Maintenance Resurfacing List.

This project will provide for the construction of a pedestrian bridge across Route 130.

The following special Federal appropriations were allocated to this project. TEA-21/Q92 \$2,306,474 (ID# NJ 028)
