Baseline Document Change Announcement

ANNOUNCEMENT: BDC19MR-02

DATE: September 19, 2019

SUBJECT: Relocation of “Raised Pavement Markers” & “Traffic Stripes and Marking”
- Revision to Section 5 & 13 of the 2015 Roadway Design Manual

Section 5 & 13 of the 2015 Roadway Design Manual have been revised due to Subsection 13.4 and 13.5 being unrelated to “Section 13 - Ground Mounted Sign Supports” and is more related to the pavement, lanes, and shoulder topics under “Section 5 - Major Cross Section Elements.” Therefore, Subsection 13.5 “Traffic Stripes and Markings” and Subsection 13.4 “Raised Pavement Markers” have been relocated to Section 5 as Subsections 5.12 and 5.13, accordingly. The current Subsection 5.12 “Rumble Strips” is renumbered as Subsection 5.14.

Due to the changes mentioned above, all of Section 5 is being released under BDC19MR-02. In addition, the Table of Contents has been revised to reflect the changes.

Furthermore, the following pages of the 2015 Roadway Design Manual have been revised and replaced.

Section 13 Page 13-17 (No Change)

Section 13 Page 13-18

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for addenda or postponement of advertisement or receipt of bids.
