(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced the Broadway ramp from the Pulaski Skyway northbound to Route 1&9 Truck in Jersey City will be closed during the day next week as the rehabilitation of the historic 88-year-old bridge advances.

Beginning at 9 a.m. Monday, May 4 until 3:30 p.m. and continuing daily through Friday, May 8, NJDOT's contractor, Cornell & Co. Inc., will close and detour the Broadway exit ramp from the Pulaski Skyway northbound to Route 1&9 Truck in Jersey City for the removal of temporary supports to the Broadway ramp. The Broadway ramp onto the Pulaski Skyway southbound from Jersey City remains closed.

The work is part of the Rocker Bearing Investigation Contract 8A of the Pulaski Skyway rehabilitation project, which is being advanced through 12 separate construction contracts. The Department is carefully coordinating the Pulaski Skyway project with other regional transportation infrastructure projects to minimize traffic congestion.
