## **North East Avenue to be closed for railroad-crossing repairs this week in Vineland Necessary safety work will require detours**

**(Trenton)** – New Jersey Department of Transportation (NJDOT) officials today announced the start of a railroad crossing rehabilitation project that will require a three-day closure and detour of North East Avenue in Vineland, Cumberland County.

Beginning at 7 a.m., tomorrow, Tuesday, June 30 until 4 p.m., and continuing daily through Thursday, July 2, North East Avenue is scheduled to be closed and detoured in both directions at the railroad crossing between Spruce Street and Hendee Road. Construction will remove the existing railroad crossing and replace it with a new concrete crossing, as well as new asphalt approaches for a safer and smoother railroad crossing. Local access will be maintained for residents and businesses. The following detours will be in place:

### **North East Avenue southbound detour:**

- Motorists traveling southbound on North East Avenue will be directed to turn left onto East Oak Road
- Turn right onto North Valley Avenue
- Turn right onto Hendee Road back to North East Avenue

### **North East Avenue northbound detour:**

- Motorists traveling northbound on North East Avenue will be directed to turn right onto Hendee Road
- Turn left onto North Valley Avenue
- Turn left onto East Oak Road back to North East Avenue

Traffic detours will be coordinated with the local police. The road will be reopened if work is completed earlier than planned.

This federally-funded project is included within NJDOT's railroad grade-crossing safety program, which repairs, upgrades, or removes approximately 30 crossings each year, statewide.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website [www.511nj.org](http://www.511nj.org) for real-time travel information and for NJDOT news follow us on Twitter [@NJDOT\\_info](https://twitter.com/NJDOT_info) or on the [NJDOT Facebook page](#).
