## **Route 440 northbound temporary closure required to remove damaged overhead sign structure in Woodbridge, Middlesex County** **Expect heavy congestion or plan alternate route**

**(Trenton)** – New Jersey Department of Transportation (NJDOT) officials today announced that traffic on Route 440 northbound will be stopped for approximately 30 minutes this afternoon to remove a damaged overhead sign structure in Woodbridge, Middlesex County.

Beginning at approximately 1:30 p.m. today, Tuesday, March 30, NJDOT's contractor, Power Concrete, is scheduled to stop traffic on Route 440 northbound towards Staten Island near the Route 9/Garden State Parkway interchange for approximately 30 minutes. This will allow the contractor to remove a damaged overhead sign structure that was struck by a dump truck earlier this morning. Motorists should expect heavy congestion on Route 440 in both directions or plan an alternate route.

Motorists are encouraged to check NJDOT's traffic information website [www.511nj.org](http://www.511nj.org) for construction updates and real-time travel information. For NJDOT news follow us on Twitter [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) and our [Facebook page](#).
