Route 4 right lane closures Friday night and Sunday for utility work in Englewood, Bergen County At least one lane of traffic will be maintained during construction

(Trenton) – Lane closures on Route 4 eastbound and westbound will begin tomorrow night underneath the Jones Road Bridge over Route 4 and will continue into the weekend in Englewood, Bergen County.

Friday, November 18

Beginning tomorrow night, Friday, November 18 from 11 p.m. until 5:30 a.m., Saturday, November 19, two right lanes on Route 4 eastbound will be closed. The lane closures are necessary to place construction barrier along the curb line on Route 4 eastbound. The curb closure is necessary for utility work and is expected to remain in place for the duration of the project. At least one lane of traffic will be maintained overnight.

Sunday, November 20

On Sunday, November 20 from 7 a.m. until 4 p.m., two right lanes on Route 4 eastbound will be closed. In addition, the right lane on Route 4 westbound will be closed from 11 a.m. until 2 p.m. The lane closures are necessary for utility work. At least one lane of traffic will be maintained in each direction during construction. Motorists are advised to slow down, use caution, and expect delays while driving through the work zone, or plan an alternate route.

The \$20.7 million federally-funded project will replace the Jones Road Bridge over Route 4 in Englewood Bergen County. The new bridge will be approximately three feet higher to improve under-clearance issues on Route 4. Work is expected to be complete in the summer 2025.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for construction updates and real-time travel information and for NJDOT news follow us on Twitter [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) or on the [NJDOT Facebook page](#).
