Jones Road Bridge over Route 4 daytime closures required over the next several weeks in Englewood, Bergen County Alternating traffic to be maintained during construction

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced lane closures on Jones Road over the next several weeks as the Jones Road Bridge over Route 4 replacement project advances in Englewood, Bergen County.

From 9 a.m. until 3 p.m. tomorrow, Wednesday, January 11, and continuing daily Monday through Friday at the same times, one lane on the Jones Road Bridge over Route 4 will be closed for utility relocation. Alternating traffic will be maintained on Jones Road during construction. Motorists are advised to slow down, use caution and expect delays or plan an alternate route.

The \$20.7 million federally-funded project will replace the Jones Road Bridge over Route 4 in Englewood Bergen County. The new bridge will be approximately three feet higher to improve under-clearance issues on Route 4. Work is expected to be complete in the summer of 2025.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information and for NJDOT news follow us on Twitter [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) and on the [NJDOT Facebook page](#).
