## **Pulaski Skyway full closure in both directions this weekend beginning Friday, June 21 through Sunday, June 23 Motorists encouraged to use the New Jersey Turnpike Extension**

**(Trenton)** – New Jersey Department of Transportation (NJDOT) officials today announced the full closure of the Pulaski Skyway in both directions this weekend for rocker bent work as the rehabilitation of the historic 92-year-old bridge advances in Jersey City.

Beginning at 11 p.m. tomorrow, Friday, June 21 until 5 a.m. Sunday, June 23, the Pulaski Skyway is scheduled to be closed and detoured in both directions. The closure is a continuation of the rocker bent work that began last week at pier 53 near the Broadway Avenue ramp in Jersey City. If work is completed early, the Skyway will reopen sooner.

To avoid delays, NJDOT is encouraging motorists to use the NJ Turnpike-Hudson County Extension to all destinations, including the Holland Tunnel, I-78, or to I-280/Route 7 and Route 1&9 Truck southbound. All other motorists will be directed to Route 1&9 Truck in both directions.

### **Northbound Closure and Detour**

The northbound closure will begin past Newark Liberty International Airport with the Route 1&9 Express Lanes directed onto the Local Lanes. Traffic will follow Route 1&9 Truck northbound to the intersection of Route 7, Route 139, and Route 1&9 in Jersey City.

Northbound motorists heading to Hoboken, Jersey City or New York City also may use the New Jersey Turnpike-Hudson County Extension (I-78 eastbound).

### **Southbound Closure and Detour**

The southbound closure on Route 139 lower roadway will begin over the Tonnele Circle. All traffic coming from Route 139 will be directed to take the off ramp to I-280/Route 7 and Route 1&9 Truck southbound.

In addition, the ramp from the Tonnele Circle to Pulaski Skyway southbound will also be closed. Traffic on Route 1&9 southbound heading toward Tonnele Circle is encouraged to stay right and use the prior ramp to Route 1&9 Truck.

### Southbound Detour (toward Newark):

Leaving the Holland Tunnel, motorists will have the following options:

- Stay to the far right and take the NJ Turnpike-Hudson County Extension to all destinations west and south, including I-78 – ***This is the recommended option***
- Stay to the left and follow signs for Route 139 westbound, then stay left to Route 1&9 Truck southbound towards Newark, Route 7 and I-280

Local Traffic for Jersey City:

- Stay in the middle to take Route 139 Upper Roadway and follow signs to Kennedy Boulevard/Jersey City, to best access many local Jersey City locations and other points north (Secaucus)

**Kearny Ramp Detour**

- Motorists looking to take the Pulaski Skyway northbound from the Kearny ramp will be directed to take Adams Street
- Turn left onto 2<sup>nd</sup> Street
- Turn right onto Central Avenue
- Cross over Route 1&9 Truck
- Take the ramp onto Route 1&9 Truck northbound
- Follow Route 1&9 Truck northbound to the intersection of Route 7, Route 139, and Route 1&9 in Jersey City

The work is part of Contract 8B of the Pulaski Skyway rehabilitation project, which is being advanced through multiple construction contracts. The Department is carefully coordinating the Pulaski Skyway project with other regional transportation infrastructure projects to minimize traffic congestion.

The Department has a project hotline telephone number, 973-776-7400, and email, [Pulaski.Skyway@dot.nj.gov](mailto:Pulaski.Skyway@dot.nj.gov). Anyone who has questions, concerns, or suggestions is encouraged to contact the Project Outreach Team as work progresses.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website [www.511nj.org](http://www.511nj.org) for real-time travel information and for NJDOT news follow us on X (Twitter) [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) or on the [NJDOT Facebook page](#).
